Our seas are calm, the breeze soft and perfumed with an array of flowers and fruits waiting to greet the visiting cruise line passengers. Our people are friendly, our reggae music known throughout the world for its exuberance and heavy beat. Our beaches are fun filled or quiet. just as you need them to be. And no experience of Jamaica would be complete, without tasting the island's often fiery cuisine or exploring our abundant flora, fauna and spectacular vistas. Whether your port of call is historic Falmouth: colourful Ocho Rios: complete Montego Bay: lush Port Antonio or energetic Kingston: our island offers an exciting array of special activities: excursions and tours organized to include each member of the family.

There is so much to do. Activities , lessons, personalized walking tours, just relaxing on one of our white sand beaches, partying with a rum punch in hand, or snorkeling with your partner beside one of our coral reefs.

The Jamaican port of call experience is a unique blend of adventure and delight - one that will live in your memory long after you have left our shores. For more information and preparing for your cruise stop in Jamaica, please visit us at **visitjamaica.com/cruises**
